

Appian Multi Asset Fund

Monthly Factsheet - 31 December 2021

Appian Multi Asset Fund

The Appian Multi Asset Fund is a multi-asset fund that has a long term track record of positive risk-adjusted returns with lower volatility. It is a diversified fund that invests in a comprehensive range of traditional and alternative asset classes which includes equities, fixed income, property, infrastructure, venture capital, commodities, forestry and currencies.

The Multi Asset Fund is characterised by a dynamic strategic asset allocation process that seeks to ensure the reduction of risk and variations in value. The Fund further reduces its risk profile and increases levels of diversification by investing across a variety of geographic areas and sectors.
